

Curriculum Vitae

Personal details:

Name: Haris Andrianakis
Date of birth: March 22nd 1990
E-mail: cse07_204@ecs.teipir.gr
Phone: +30 6945676600

Education:

2007-Present: Studying at Department of Electronic Computer Systems
Technical University of Piraeus, Greece

Working Experience:

2008-Present: Assistant in the student robotic, signals and systems, digital systems automatic control, systems automatic control, Laboratories, Electronic Computer Systems

2008-Present: Network Administrator in the student robotic, signals and systems, digital systems automatic control, systems automatic control, Laboratories, Electronic Computer Systems

2009: Developed/Designed website for Signals and Systems Laboratory at Electronic computer Systems

2008: Developed/ Designed website for Website Developing and designing

2008: Developed/ Designed website for a student portal - forum, Electronic Computer Systems

2007: Developed website for Real Estate

Other Certificates:

- First Certificate in English, University of Cambridge
- Key-CERT IT Specialist Web Designer

Qualifications:

- Enjoys working as part of a group and has developed strong communication & project management skills
- Fluent in the following programming languages: C, C++, PHP, MYSQL, Assembly AVR, Assembly 8086, Assembly Z80
- Capability of configuring & fine-tuning Unix system to achieve better performance.

- Studied in detail, the design and implementation of hardware peripheral Development (Embedded).

Software Developed:

- A website for Website Developing and designing (PHP,MYSQL, HTML, CSS)
- A website for Signals and Systems Laboratory at Electronic computer Systems (HTML, CSS)
- A website for student communication at Electronic Computer Systems, implemented in PHP, MYSQL and other web based technologies like HTML, CSS.
- A website for Real Estate, written in PHP,HTML, CSS.

Hardware Developed:

- A digital Power Supply 0-30VDC 0-3A, controlled by an AVR MCU, with pc serial communication support
